

The following is a letter that was sent to Renee,

Hi,

When I went to pick up my hearing aid, I was told about a site to visit to tell our Representative and Senators to pass a proposal that is being considered to give a tax credit for hearing aids. The more people that click on this site and let their Rep. and Senators know the better chance it has of passing. So if you all would go to the site and respond that would be great and if you would pass it on to other folks that would be good also.

www.hearingaidtaxcredit.org

Thanks for your help on this matter!

Cathy
